# Find out if your biometrics are still valid

Use this tool to confirm if your biometrics (fingerprints and photo) can be used as part of your next application for temporary residence, including a:

- visitor visa;
- visitor extension;
- restoration of status;
- work permit and work permit extensions;
- study permit and study permit extensions; and
- temporary resident permit.

Enter the following information and we will let you know if your biometrics are still valid.

## \* Unique Client Identifier (UCI) (required)

This number is on letters you received from us or on the immigration document that was issued (study permit, work permit or visitor visa). [What if I can't find my UCI?](#)

## \* Last name(s) (required)

## \* Date of birth (required)

☐ Check this box ONLY IF you don't have a complete date of birth.

## \* Country of birth (required)
